

PARENTS EDUCATION NETWORK

Educate ♦ Collaborate ♦ Empower

School Membership Factsheet

When your school becomes a member of PEN, you gain access to a world of resources for serving all of your students, and especially those affected by learning and attention difficulties - and letting their parents know that you are committed to helping them realize their potential. PEN provides education, information and support for both faculty and parents at your school, helping them to develop a collaborative relationship based on realistic parent expectations and a dedicated, well-trained staff who understand students' unique needs.

School membership includes the following services:

- **free admission** to all Speaker Series events for all faculty members—a saving of \$10 per attendee
 - all faculty members can participate in our new **Teachers' Education Network** and receive **discounts of up to 70%** on its professional development programs
 - **complementary PEN presentations** at your school to parents or faculty regarding PEN programs and services for the year
 - **consultation and support on starting a parent resource group** (from experienced PEN Board members)
 - our **assistance in planning your professional development** for the year and with procuring appropriate speakers
 - **24/7 access to the PEN website and monthly e-newsletter** which include local resources, book and article resources, idea sharing and much more
 - **participation in a networked learning community of educators and parents**
